

Eco-Schools and the National Curriculum

As you are aware our school is currently involved in Eco-Schools' Green Flag award programme. The Eco-Schools programme focuses on these ten topics:

- Biodiversity
- Energy
- Global Citizenship
- Healthy Living
- Litter
- Marine
- School Grounds
- Transport
- Waste
- Water

In order to achieve a Green Flag award our school needs to demonstrate that we cover a variety of these environmental issues in our curriculum work. If you teach any content that links to any of these topics throughout the year, please indicate on the table below. This will enable me to gather the curriculum evidence our school needs to achieve a Green Flag award.
